FOR IMMEDIATE RELEASE

SADA PRETORIA BRANCH CHARITY DAY

Johannesburg, South Africa, 17 October 2023 – South African Dental Association Annual Charity Day for 2024

The South African Dental Association (SADA) is offering its annual charity drive to support patients in need of dental care.

We are thrilled to host our charity day once again this year, offering our dental expertise to those who may not have regular access to dental care. Giving back to our community is a core value of our practice and we are honoured to support the SADA Charity Day says Dr William Kearney, President of the Pretoria Branch of the South African Dental Association (SADA).

The Pretoria Branch President, Dr William Kearney and the SADA Young Dentists Council (YDC) President, Dr Robyn Kearney will be joined by other dentists from the branch in performing dental procedures on special needs children and adults.

This charity day aims to promote oral health awareness and contribute to the well-being of the community by offering complimentary dental treatments, including cleanings, and check-ups. This event also serves as an opportunity for dentists to engage with the community and get involved where needed.

If you would like to get involved/support our SADA Charity Day for 2024, please do not hesitate to contact the South African Dental Association +27 11 484 5288 or email events@sada.co.za with your contact details.

About SADA:

The South African Dental Association (SADA) is the peak national body for the dental profession in South Africa representing the large majority of active registered dentists, both in the public and private sectors in South Africa. It is a non-profit professional association with voluntary membership organisation represented by a total of 11 branches, one in every province of the Republic of South Africa, with Gauteng and Eastern Cape provinces having two branches each. The Association represents the interests of both the oral health profession and its members in South Africa.

The Association is committed and engaged in processes relating to setting industry standards and formulating policies. Learn more about SADA at <https://www.sada.co.za>
