- **Scheme Administrators and Managed Care Companies requesting B-BBEE Certificate/Affidavits from Contracted Providers**

Date of circulation: 19 February 2025

Dear SADA Members

SCHEME ADMINISTRATORS AND MANAGED CARE COMPANIES REQUESTING B-BBEE CERTIFICATE/AFFIDAVITS FROM CONTRACTED PROVIDERS

Some members have received communication from medical scheme administrators and managed care companies who are in the process of renewing their accreditation with the Council for Medical Schemes (CMS). As part of this accreditation, they are required to provide B-BBEE information on their contracted Network Providers, in line with the B-BBEE Codes of Good Practice based on the scope of work. In order for them to meet this criteria, they are requesting contracted practices to provide them with a copy of your current verified consolidated B-BBEE certificate or affidavit. To assist members, we provide the following information.

Who Needs a B-BBEE Certificate?

Businesses with an annual turnover exceeding R10 million must obtain a B-BBEE Certificate from a SANAS-accredited verification agency.

What is an exempted micro enterprise?

As a general rule, businesses with an annual turnover lower than R10 million qualifies as Exempted Micro Enterprises (EME). This means that a small business does not have to conduct a full BEE verification in order to achieve a BEE level.

Qualifying Small Enterprises (QSEs) with a turnover between R10 million and R50 million may also qualify to use an affidavit, depending on their Black ownership percentage.

Who Can Use a B-BBEE Affidavit?

Both qualifying EME and QSE (whichever turnover applies to you) above may submit a B-BBEE Affidavit instead of submitting a certificate.

You may access the EME Affidavit [here](#)

You may access the QSE Affidavit [here](#)

(It will be necessary to be logged in as a member to download these documents)

The affidavit must be completed and signed before a Commissioner of Oaths (e.g., a police officer, lawyer, or notary). It must state the financial year-end and Black ownership percentage if applicable if not applicable denoted with N/A.

Yours in Oral Health
