SADA Membership Branch:

Dear SADA Member

We would like to inform you that, despite our previous communication yesterday, both the SADA and Dental Protection renewals have been sent out today. They are being sent in batches; therefore, you will receive them at different times. We anticipate the process to complete by Monday the 4th at 17h00. Please note that both are correct, and we kindly ask you to treat these as official renewals.

We're excited to share that this year, the renewal process has been enhanced with improved digital systems! For the current membership 2025 renewal for both SADA and DP, you'll find the entire process smoother and faster than ever before. Thanks to these updates, payments will be allocated more efficiently, meaning a quicker, more seamless experience for everyone.

To complete your renewals, please remember to open each renewal notice - both SADA (Also don't forget the Benevolent Fund) and Dental Protection - individually and make separate payments for each.

For those setting up new debit orders, please ensure you complete both a SADA mandate and Dental Protection mandate separately. If you are currently on debit order separately for SADA and Dental Protection, you need not take any action other than select your Benevolent Fund contributions if you choose to do so. Following these steps will help ensure everything is processed smoothly.

We appreciate your attention to these details and your continued support. Here's to a successful renewal season!

Warm regards

**SADA Membership Team**
